

SWIRE SCHOLARSHIPS

TENABLE AT ST. ANTHONY'S COLLEGE, OXFORD UNIVERSITY

Two scholarships for postgraduate students tenable at St. Antony's College, Oxford have been established under The Swire Charitable Trust by John Swire & Sons for permanent residents of Hong Kong.

1. The scholarships are known as Swire Scholarships and are awarded annually.
2. Each scholarship is tenable for up to three years, depending on the course undertaken and subject to satisfactory academic progress, and is currently to the value of £17,442 per annum (this amount is paid to each scholar) plus the full cost of the scholar's university and college fees. Free economy class air passages to and from London are provided to the scholar at the beginning and at the end of the period of tenure. It is expected that the scholars will reside in Oxford throughout each academic year, except for short periods of fieldwork which may involve study in another country.
3. The scholarships will be awarded to permanent residents of Hong Kong who have completed the majority of their formal education in Hong Kong. Scholars must intend to return to Hong Kong (for Hong Kong permanent residents) after completing their course of study. Preference will be given to applicants who plan to pursue a career in government, business, academia or a recognised profession.
4. The scholarships are offered to students who wish to read for any postgraduate degree in a subject offered by St Antony's College (see <http://www.sant.ox.ac.uk/prospective-students/fees-and-funding/scholarships-new-students/swire> for a list of eligible courses). St Antony's College specialises in social sciences and some humanities subjects, following its founding mission "to be a centre of advanced study and research in the fields of modern international history, philosophy, economics and politics and to provide an international centre within the University where graduate students from all over the world can live and work together in close contact with senior members of the University who are specialists in their fields".
